Memorandum

To: Director
ACTING

From: Superintendent, Yellowstone

Subject: Superintendent's Monthly Narrative Report for September 1963

General

Weather Conditions. September was cool with frequent showers. Maximum temperature at Mammoth was 84 degrees on the 4th, and Lamar recorded a low of 24 degrees on the 28th and 29th.

The first snowfall was reported on September 14 when approximately one inch of snow fell on the Beartooth Highway, which melted off early. Vehicles encountered no difficulty. Snow fell on Beartooth and Dunraven highways on September 16 and 17. Vehicles encountered no difficulty.

Increase or Decrease in Travel. Visitors recorded during the month totaled 174,650, as against 183,764 last year, or a decrease of 5.0%.

There were 6,076 boats for the month as against 5,319 for 1962, or an increase of 14.2%.

There has been an increase of available accommodations at the Old Faithful Inn over September of last year.

Inspections. Mr. Herbert C. Nelaas, Regional Chief, Division of Property Management and General Services, Midwest Region, arrived in the Park on September 4 for a few days of work in the Procurement Office.

Visitors. Mr. Speigel, a photographer for the National Geographic Society, was in the Park September 7-9 to obtain photographs for an article on Wyoming which will be published by the Society.

Mr. F. Riazi arrived September 16 and was taken around the Park. He was interested in geysers and wildlife. Mr. Riazi, who is of Persian descent, is studying in Paris; his home is in Switzerland.

YELLOWSTONE NATIONAL PARK, WYOMING

Foreign Visitors. Mr. Erik V. Harvoe, Vice President, Congress of Surveyors, Denmark, was in the Park September 14-15.

African Student Program. On September 16-27 three Kenya chiefs visited Yellowstone:

Mzala Mwero Johnson	Chairman, African District Council
Joshua Kakuko	Chief of Kmagei
Albano Benjamin Imwude	Government Chief, Provincial Government

Mr. R. (Bob) W. Brink, Department of Agriculture, Washington, was the technical advisor for the group. These men are interested in game protection, fire control, ranger activities and Park Management in general. They remained in the Park until September 27 when they departed for Grand Teton National Park.

Special Activities. Superintendent Garrison met with Associate Superintendent Gastellum, Acting Chief Park Ranger Ashley, Chief Park Naturalist Good, Law Enforcement Officer Widmer and U.S. Bureau of Sport Fisheries and Wildlife Fisheries Biologist Phillip Sharpe to discuss the proposed cutthroat trout serological studies by Fisheries Biologist Darrell Vaughan, presently of the Wyoming Game Commission. He plans to do a doctorate on this technique under Dr. Robert Vincent, Fisheries Research Unit Leader at Colorado State College. Yellowstone National Park officials approved this project.

The Master Plan Study Team that arrived August 28, finished their on-the-spot inspection throughout the Park, and spent several days reviewing and compiling the material prepared here. Their first draft of the general Master Plan has been completed and is now being reviewed.

Superintendent Garrison addressed the students at the Horace Albright Training Center in Grand Canyon National Park on September 27. He also addressed the School of Forestry at the University of Arizona at Flagstaff on September 25, topic: Recreation and Forestry Management.

The 1963 Wage Survey Data Collectors Training Session in Billings, Montana, September 24, was attended by Richard Miller, Personnel Officer; Thomas Gray, Mechanic (M.D.); Arnold Peterson, Foreman II, Electrician; Delbert Ballard, Foreman IV, Shop; and John Thompson, Personnel Management Specialist. Messrs. Ballard, Peterson, and Gray completed their portion of the Wage Survey on September 25, 26, and 27. Mr. Thompson will complete his portion on October 1, 2, and 3.

The Midwest Region Maintenance Conference, held in Rocky Mountain National Park, September 10-12, was attended by Frank S. Elliott, Assistant Park Engineer; John H. McRae, Construction & Maintenance Superintendent (MAU); Arthur N. Minish, Construction & Maintenance Superintendent (Headwaters); and Delbert L. Ballard, Foreman IV, Shop.

Park Superintendent Jerry Rogers completed the Park Management II [illegible] course work on his doctorate at the University of California. He will return to duty at the end of January.

Health Institute. Assistant Chief Park Ranger [illegible] completed his assignment with Several Park Service representatives for a joint study with the U.S. Forest Service of the Pacific Coast region on September 28. After a period of Annual Leave [illegible] presents in Alaska, he and his family will return to the Pacific Coast the middle of October. Mr. Jerry Kaye is [illegible] back as "Superintendent".

Births. A son, Gregory Hagen, was born September 11 in St. John's Hospital, Jackson, Wyoming to Ranger and Mrs. Robert Hagerman. Weight: 5 lbs., 11½ ozs.

Deaths. Oscar Olson passed away September 25, in Montana. He was the father of Nancie Pierson, Acting Administrative Assistant for the West District. Funeral services and burial were in Livingston, Montana.

In Hospital. Mrs. Judy K. McLeod, Office Services Supervisor, is a patient at the Deaconess Hospital in Billings, Montana. She was operated on September 29, and the operation was successful. There is a cast on her leg and a pin in her collar bone. Judy and Dave McLeod were in a head-on collision on Thanksgiving Day of 1967, near Columbus, Montana, and Mrs. McLeod was very seriously injured.

Training Center. Park Rangers Charles V. Jande and Gordon E. Boyd are delegates from Yellowstone to the National Park Service Academy, Horace M. Albright Training Center, Grand Canyon National Park. The training course began on September 15 and will terminate on December 6.

Marriage. Robert Willard and Rosalie Gynn were married in the Yellowstone Park Chapel, September 14, at 2:30 p.m. Rosalie Gynn is the daughter of Forester and Mrs. John C. Gynn.

Sanitation. One inspection of food handling services was made during the month by Sanitarian Willett, and inspections of the employee housing in the Old Faithful Area have been made by the Ranger personnel.

Miscellaneous. A Bachelor Party was held for Cecil C. Lamb on September 22 at the Lower Ranger Station. Ranger Lamb is transferring to Mt. McKinley National Park, Alaska, sometime in October.

Conservation, Interpretation and Use

Interpretive Services. All West District Visitor Centers remained open through Labor Day. Listed are the closings of various Visitor Centers:

Norris Visitor Center closed following Labor Day.
Madison Junction Visitor Center closed September 2.
Canyon Visitor Center closed September 30.
Fishing Bridge Visitor Center closed September 2.
Mammoth Terrace walks were terminated after September 1.
Wildlife caravan was terminated after September 1.

Nature walks, all-day and other hikes were terminated after September 2.

Evening programs were continued daily at Old Faithful. Talks were held in the amphitheater until mid-month when inclement weather made it necessary to move the program into the Visitor Center.

Mammoth Visitor Center was open from 8:30 a.m. to 5:00 p.m. daily.

YLNR. Mr. B. D. Hampton from the University of Colorado spent most of the month doing research in the Yellowstone Library and Museum Association library for his doctorate. His thesis concerns the influence of the U. S. Army upon National Park Service policy and program.

Mr. Orin Bonney, of Texas, was given extensive library assistance during the month for a book he is preparing on the life of Lt. Gustavus C. Doane for the University of Oklahoma Press.

Research and Observation. Dr. Ellis Cooper of the National Institutes of Health was in the Park September 3-9 conducting research to which he hoped to determine the highest temperature at which thermophilic algae could live. Park Naturalist Mahler and West District Naturalist McCurdy assisted him in selecting an out-of-the-way site in which he could have a range of pool temperatures. His studies indicated that 170 degrees F. was the limit for visible algae.

Messrs. David F. Hill and Mike Wendorff of the U. S. Geological Survey, Denver, Colorado were in the Park September 11-16 to continue their gravity studies in the Yellowstone Lake area.

Messrs. Robert Fournier, Jack Rowe, and I. Iwasaki, U. S. Geological Survey, Washington D. C., were in the Park September 11-17 on thermal research. One experiment in the Heisey-Zonite complex was to test a method of tracing interconnections. At Beach Gulch they collected gas samples for analysis.

STEAMBOAT is still on its three eruptions each month schedule. It erupted on the 5th, 14th and 24th. Unfortunately for the viewer, all three eruptions occurred at night. As judged by flooding and distance of water ejection, the eruption on the 14th was more powerful than the other September displays.

Concessioners. Old Faithful Inn was filled on several nights during the month. The Yellowstone Park Company closed the following facilities during the month:

West Thumb Cabins and Cafeteria	September 1

Finance.

Insurance Lines. The decline of workers compensation during the 1990s was a massive blow and Goodman Cliff. Non-bank lines tried to compensate in financial ways as depositors fly.

Subsidiaries. A subsidiary objective was commercial mortgage-backed securities trading in the Goodman Cliff area. Commercial mortgagees had been on the decline, all leading to a financial downturn.

Sales. Sales are approximately double those in the local commercial in larger markets. Several have been observed in the Midwest area.

Job. Employees are of the rule. Do not know until late in the year. Several small jobs have been delayed causing the budget to swing the last week of the month.

The biological oil collections were made for the Lamoure Lamoure collection and Marine Plate and Gas Institute. Problems Gases were also already these activities during the month.

Transportation. The general transport was across the Chicago-Chicago by plane. Industrial oil Transport has been supplied more discount in Wallington Industrial Park.

Bear injuries to date are 84% of last year, and damages to private property show a 220% increase over the same period last year.

Two black bear cubs were shipped to the El Paso, Texas zoo.

Ranger Service. Rations for patrol cabins were distributed to the sub-districts during the month.

Fire Protection. A new building and forest fire pumper truck has been put into operation for the Hawsmith area.

Law Enforcement. A total of eight persons were tried before U. S. Commissioner Brown during the month. Fines totaled $125.00.

Enforcement Operations. The Appearance Bond was approved and ordered into effect August 31 by United States District Judge Kerr of Cheyenne, Wyoming, on a trial period basis for the remaining part of the season. The Appearance Bond allows a person committing a single infraction of certain Park Regulations to post a scheduled amount of bond. He may then appear before the United States Commissioner on or before a scheduled date, or he may forfeit the Bond which is then considered in the nature of a fine.

During the month of September, a total of 12 Appearance Bonds were posted, all of which were forfeited by non-appearance of the violators.

Geological Survey. The Madison and Lower River water gauges were read weekly by ranger personnel for the U. S. Geological Survey.

Weather Bureau. Fire weather observations were discontinued on September 14. The 30-day Climatological Observations will continue until the end of the season.

Forest Insects and Disease Control. Foresters Cyril and Byron, Camp Superintendent Van Bery and Forestry Technician John Jarvis made a preliminary white pine ribes distribution survey on the south shore of Yellowstone Lake on September 3. This area may be set up for a control unit.

The U. S. Forest Service made the annual forest insect aerial survey of the Yellowstone area on September 4.

Public Affairs

Publicity. On each Thursday the Yellowstone Weekly News was issued to keep employees, concessioners and others currently informed of Park happenings.

Two press releases were issued: one on facilities open in the Park after Labor Day, and one on fall colors and available accommodations.

Religious and Chapel Use. The Latter Day Saints and Roman Catholic services in the Park terminated September 1. Protestant services were held throughout the month.

A wedding took place in the Chapel September 14.

Campgrounds. Camping activities have been relatively heavy, the two campgrounds remaining open. Limited use is still being made of Grant Village and Fishing Bridge campgrounds.

Contract Awarded:	Floyd Gathercoy Chester, Idaho	Construction of five residences in Mammoth; Comfort stations to be constructed at Canyon and Fishing Bridge.	$185,923
